NO. 59.

This and That.

Mrs. Howard Gould has tried faithfully to skimp along on that measly \$3,000 a month alimony, but throws up her hands and asks the court to have it increased.

Fred Helden, Jr., a former inspector of the Milwaukee House of Correction, has been sentenced to serve one year in that institution as a prisoner. He was conceived on the charge of embezzling \$600 of workhouse funds while inspector.

The will of Edward H. Harriman was filed at Goshen, N. Y. The estate is bequeathed to his widow, Mary W. Harriman. It is understood that Mr. Harriman provided for his children before death. The estate is estimated to be worth from \$75,000,000 to \$100,000,000.

While on a pleasure trip from Chicago to Milwaukee on the two-masted yacht *Mistral*, of Chicago, Dr. Joseph Massall, 48 years old, a prominent society man and dentist of Lake Forest and Chicago, fell overboard six miles off North Point Saturday night and was drowned.

The situation between Bolivia and Peru has suddenly taken a distinct turn for the better, and if no further complications arise it is believed the question of the boundary between the two States, which recently threatened to plunge them into warfare, will be definitely settled within 48 hours.

The Winchester agreement made by the Burley tobacco-growers of the State was ratified by the officers of the American Equity and the Burley societies. The entire crop is to be pooled with the Burley Society under the agreement. The union of forces will save millions to the growers, it is said.

It is reported from New York that Edwin Hawley, who controls the C. & O. railway, has secured the Hocking Valley road, a system that owns 1,000 miles of road in the State of Ohio. By the addition of the Hocking Valley the Hawley interests secure a short line from the Ohio River to Toledo, through a large coal-mining district.

My Wish (When When Utterly Tired.)

(New York Times)

Not to have to rise,
Not to have to hustle,
Not to have to eat,
Not to have to bustle.

Not to have to think,
Not to have to worry,
Not to swim—or sink,
Not to have to hurry.

Not to care to-day,
Nor fear about to-morrow,
Not to have to pay,
What to-day I borrow.

Not to have to grieve,
Not to have to mourn,
Not to seek reprove,
Not to feel forlorn.

Not to have to feign,
Not to have to please,
Not to have to gain,
Ambition to appease.

Not to feel the throb,
Not to know the pain,
Not to hear the sob,
When others' hopes are slain.

Night On Bald Mountain.

On a lonely night Alex. Benton of Fort Edwards, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe its the greatest Throat and Lung cure on earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1. Trial bottle free. Guaranteed by Penny's Drug Store.

A message from Dr. Cook was received by wireless at Capo Race, Newfoundland, from the Oscar II., in which the noted explorer asked the American people to have the fullest confidence in his conquest of the pole. He claimed to have records of observations made by him which will prove his discovery beyond doubt. For the first time he told of the alleged injustice done him by Peary in confiscating his supplies while he was on his journey to the pole. His explanation as to the confidence he put in Harry Whitney and the instruction that he gave Whitney not to tell Peary of the discovery was concisely made. Commander Peary is preparing to sail with the Roosevelt to North Sydney, Cape Breton, having completed the ship's overhauling at Battle Harbor. He gave further details of his polar journey to newspaper correspondents.

Mj-o-na is guaranteed by G. L. Penny to cure indigestion or money back. Relieves distressed stomach, belching or gas, Etc., in five minutes. Large box, 50c.

NEWS NOTES.

An earthquake occurred at Granada, Spain, causing great alarm, but so far as is known no damage was done.

The annual reunion of the Society of the Army of the Cumberland will be held in Chattanooga on October 13 and 14.

The street-car men of Omaha and Council Bluffs went on a strike Sunday over wages, conditions and hours of employment.

Charles N. Matthews, cashier of the First National Bank, Louisville, died suddenly following an attack of acute indigestion.

Mgr. Falconio, the apostolic delegate to the United States, reviewed a parade of the Central Verein in Indianapolis. There were 10,000 persons in line.

The fortieth anniversary of the founding of the prohibition party will be celebrated Friday at Chicago. A parade of 100,000 prohibitionists is planned.

The police records of Nashville show an average of six and two sevenths arrests per day for drunkenness since the prohibition law went into effect on July 1 this year.

Another \$2,000 was sent by the American National Red Cross Society to American Consul Kenna at Monterey, Mex., to be used for the benefit of the flood sufferers.

The residence of Charles I. Gibson, at Youngstown, O., was dynamited. Mr. Gibson is general manager of a sheet and tin plate mill at which a strike is in progress.

Bishop William George McCloskey, for 41 years head of the diocese of Louisville, and the oldest bishop in the hierarchy of the Catholic Church in America, died at the Preston Park Seminary at Louisville.

At Taylorsville, burglars entered the depot and carried off the safe, which is a small one, weighing about 300 pounds. In it were checks, money orders and about \$80 in money, besides milk tickets, excursion tickets, school tickets, family tickets and several 1,000-mile tickets.

Placarding the neighborhood with warnings that unless the three white men who located in the strictly Negro town of Taft, Okla., last week, left town immediately death would be their punishment. Negroes dynamited the store of one of the whites in that town. The white merchants declare they will remain.

The L. & N. railroad has begun the construction of a double-track bridge over Salt river at Shepherdsburg, which will replace the single-track bridge. The L. & N. operates a double track from Louisville to Lebanon Junction, and the new bridge will obviate the necessity of maintaining a watch tower there to keep trains from meeting on the bridge.

Clarence LeBus, president of the Burley Tobacco Society, has issued a card from Lexington in which he relinquished all claims to the bonus of \$10,000 which was voted him by the district board of the society at the outset of the attempts to pool the 1909 crop of Burley tobacco. President LeBus said he turned back the bonus in order to remove all obstacle in the way of making this year's pool a success.

The American workmen employed at the Pressed Steel Car Company's plant at Schenectady, Pa., returned to their places. They will march under the American flag and the foreign strikers have been notified that if insult is offered the flag death will be the result. It is believed that a majority of the workmen will be armed. The foreigners threaten to stop attempts of all persons to resume work.

Commander Peary gave further details of his trip to the North Pole. He dwelt upon observations taken at the earth's apex and the movements of Harry Whitney, the sportsman of New Haven, Conn., who has bearer of records substantiating Dr. Cook's claim of reaching the pole April 21, 1908. Commander Peary declined to answer the question as to whether there was an eye-witness that saw him deposit his records of polar observations wrapped in a piece of silk American flag at the pole. Peary said that Dr. Cook would be expected by the world to submit his proofs that he reached the pole before an impartial tribunal prior to him.

"We've hired a red-whiskered constable to lie in ambush for the automobilists."

"What's the idea?"

"We thought his red whiskers would kind of match the fall foliage."

Pains of women, head pains, or any pain stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c box. Sold by Penny's Drug Store.

"I tell you Mars will be a dead planet in another million years."

"Nonsense," sneered the other scientist.

"All right. See if it isn't."

CHAS. F. MONTGOMERY.

The present and future democratic county attorney of Casey. He has been efficient and faithful and the democrats are going to elect him in November.

MATRIMONIAL.

George L. Conder, aged 24, and Miss Myrtle Cora Bailey, 21, both of the East End, were joined heart and hand Sunday. Both are fine young people with a legion of friends. May His blessings ever attend them.

Mr. Luke Carpenter and Miss Rose Dunn Sandidge, both of Hustonville, went to Danville Thursday and were united in matrimony. When they got on the train at Danville they found that his father had also taken unto himself a wife and each groom congratulated the other. They went on to Hustonville, where a dainty lunch had been prepared for them. The two had been sweethearts for some time and we hope they will always be as happy as when they took their marriage vows.

Dr. and Mrs. Hugh Reid announce the engagement of their niece, Miss Mary Paxton Pennington, to Mr. Lyman Virgil Lee, of Middlesboro, to take place at the beautiful country home of the Reids, near Stanford, Oct. 13th. Miss Pennington is one of Stanford's lovable and most charming young girls and is loved by all who know her, while Mr. Lee is one of Middlesboro's splendid young business men, at the present time being engaged in the drug business with his brother, Mr. Frank Lee, who married Miss Bettie Rochester, of this place. The wedding will be a quiet one, only relatives and intimate friends will be invited, on account of the recent death of an aunt of the bride.

In the parlors of the Phoenix Hotel, Lexington, Thursday, Mr. L. T. Carpenter and Miss Julia Stagg were wedded in wedlock's holy bonds. It had been an open secret for some time that these two hearts would beat as one soon but coming so suddenly, it surprised not a few of their closest friends. Both are well-known people of Hustonville, and we hope and believe they have made the right move. Miss Julia is one of the finest young women in our knowledge and he who has won her heart and hand should feel that luck has come his way. Mr. Carpenter is an exceedingly clever man, with lots of "dough" and abundance of sense to take care of it. May success and success again be with them to the last.

President Taft's speech-making itinerary will be continued this week, taking him through Iowa, Nebraska, Colorado and Utah. The presidential party will finish the week at Salt Lake City, where it will arrive late Friday. Thus far the president has been royally received, and he appears to be enjoying the trip. The various topics on which he decided to speak are being taken up systematically.

Go With A Rush.

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astounding. Penny's Drug Store people say they never saw the like. Its because they never fail to cure sour Stomach, Constipation, Indigestion, Bloating, Jaundice, Sick Headache, Chills and Malaria. Only 25c.

"I privately instructed each of those slaves to grab the center of the stage and hold it at all hazards."

"For what purpose?"

"That ought to infuse some life into the mob scene."

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

"I told them people I wuz wit' Cook."

"And didn't it git yous a handout?"

JOE MAGEE

Is a candidate for Police Judge of Crab Orchard, subject to the action of the democratic party and asks your support.

The quadrennial race for county offices in the State of Kentucky is now under consideration by the people of the entire State. In Lincoln county the lists are practically closed. Good government at home is quite as essential, in fact more essential than good government abroad. Bad or weak administration of public trusts affect the people directly in proportion to their near contact with it.

The democratic party, basing its fundamental principles and owing its existence to faith in the people for whom and by whom government is made, submitted the question of the candidacy of several aspirants for nomination to a primary election on the 6th of last February. In this primary, practically the whole body of the party participated. The selection was made according to the fairest method that can be conceived. It is not often the case that the whole body of a people makes a radical mistake. In this instance the gentlemen chosen are representatives of the wishes of either the majority, or of the highest number of those participating, of a party respectable in numbers, in character and influence. Some of these representatives have heretofore proven their efficiency and trustworthiness. Conceding to the gentlemen who oppose them much that may be claimed for them by the partiality of friends, it can not be urged that they are sifter for public trust than the democratic nominees. The democratic party is satisfied with them and earnestly commends each and all of them to all of the people. There can be no reasonable doubt that will receive the hearty support of the entire party. It is inconceivable to suppose that any gentleman who participated in the primary of Feb. 6th does not feel himself morally and politically bound to cast his vote and exert his influence in behalf of the nominees. This he engaged to do when he took part in the election, and it will not be presumed that any man will be guilty of treachery or bad faith. The moral obligation to abide the result of a primary is greater than the obligation which flows from the result of a convention. In the former all participate. In the latter only a few. We urge the democrats of the county to rub up their harness preparatory to the contest which is now on us. The INTERIOR JOURNAL will do its part faithfully if not ably.

The civilized world seems to be unable to live without Cooks. It was Captain Cook who first sailed around the world and it was Dr. Cook who first sailed Old Glory to the North Pole. And a cook still remains the ruler of the household.

The interest shown all over the country in Governor Johnson's game fight for life indicates that he is one of the nation's really great men. If he recovers we shall be hearing more of him in the years to come.

If the new administration takes a fall out of a few more of Mr. Roosevelt's pets the rhinoceros killer will make himself a very "undesirable citizen" on his return, for he is certain to emit a few roars.

TWENTY-FOUR widows dressed in black, some of them with children, sat in a row in the Federal Court at Pittsburg the other day. Their husbands had been killed in the Dorr mine disaster and they had suits pending for damages ranging from \$10,000 to \$50,000 each. The accident seems to have been needless and avoidable, and the widows have good cases against the concern, but to meet present need and avoid the law's delay they compromised their claims for \$500 to \$1,000 each. There ought to be some redress in such cases besides law suits in which those with money have the advantage of those with none. It is stated that the railway accidents alone in this country kill annually as many adult men as there are in a town of 30,000 people, and every 1,000 men killed means almost 1,000 foolish law suits or compromises for sums pitifully small.

The story of Commodore Peary's trip to the North Pole and the hardships that he and his gallant little band endured is thrilling to an intense degree. Like the novel that ends without a satisfactory disposition of the parties involved, the narrative is disappointing in that it does not state how the pole looks, what proof there was that it was really the pole and give the surroundings generally. As the alleged discoverer is going to write a book he probably received the best of the story to be given in it.

The superiority of Democrats over Republicans is best attested by the Republicans themselves. Let any played-out, disappointed old hack on the Democratic side, who has lost the last chance to connect with an office, turn over to the Republicans and he is looked upon by them with wonder and admiration and given the chief places in the organization to the exclusion of the honest republicans who have borne the brunt of the fight for years.

In a speech at St. Paul, President Taft paid high tribute to Gov. Johnson, saying he joined in the prayers that his life be saved. The president said the governor was a man whom the State and nation could not afford to lose, and added: "His ability, his great courage and his common sense can not be spared. He is too valuable to the people of his State and to the people of his nation, who doubtless will insist in time that he shall serve them."

JUDGE SAMUEL H. COWAN, of Fort Worth, Tex., the attorney of the National Live Stock Association and the Texas Cattle Raisers' Association, says that the cattle market is now short 1,000,000 head of cattle and beef prices will be higher this winter than when the cow jumped over the moon. Holy Moses, is there no help for the helpless poor!

POLITICAL.

Former Vice President Fairbanks delivered an eulogistic address at the Manila Methodist church on the life-work of President McKinley.

Gus Brown was nominated for State Senator in the democratic primary in the 10th Senatorial district. His opponents were R. W. Owen and Edward Shelman.

President Taft had a lively visit to Chicago. After being put through all kinds of paces he attended the ball game between the "Cubs and the Giants." He said he was for Cincinnati.

The condition of Gov. Johnson continues critical. He slept several hours but it was announced that he was just holding his own and the chances were about even for his recovery. Gov. Johnson was unable to retain champagne on his stomach, and carbonated water is his only nourishment.

Harry L. Buckley, a newspaper man of Philadelphia, who was carrying a message from President Taft to Seattle in a relay automobile race under the auspices of the Philadelphia Press, was killed when the automobile in which he was speeding was wrecked near Lebanon, Pa. The race has been abandoned.

The Irish land bill, which was introduced in the British Parliament on March 30 by Augustine Birrell, Chief Secretary for Ireland, passed through its final stage in the House of Commons by a vote of 174 to 51. The House of Lords probably will pass the measure after modifying the clauses regarding compulsory acquisition of land.

The birthday of President William H. Taft September 15 was remembered by King Edward, who sent the Hon. Arthur Walsh, his master of ceremonies, to the American Embassy with the request that his majesty's sincere congratulations be conveyed to the President. Mr. Taft's reply was received at the Embassy and forwarded to the King in Scotland.

The suggestion of Gov. Sanders, of Louisiana, to the Governors of other States that they urge the farmers to hold their cotton for higher prices is apparently meeting with favor among the majority of these executives. Several responses have been received at the executive offices at Baton Rouge, sanctioning the views of Gov. Sanders, and promising perhaps similar proclamations. Gov. Sanders recently issued an address urging the holding of the staple by the planters of Louisiana.

It seems to be the rule with the Republican Machine of Lincoln county to meet every Saturday and nominate some lamb for slaughter. We wonder who will get the jailer and assessor plums next Saturday that are scheduled to be pulled off by the republican steam roller machine? The anti-machine boys have to stand back out of the road to let the greased steam rollers pass or be crushed out of existence by it. It is pretty tough boys to have to be led around by the nose to do the bidding of the ones who control the steam roller machine of the republican party in Lincoln, but you have to bow in humble submission upon bended knees to it.

NORTH FOR COUNTY JUDGE.—The Republican Executive Committee met at Dr. R. L. Davison's office last Saturday and nominated Mr. Grant North, of the West End, for county judge. It will be remembered that Mr. North was "turned down" by the county convention here several weeks ago that was controlled by the republican machine and quite a howl went up from Mr. North's friends and in order to pacify him and his friends they handed him an empty honor by nominating him against that splendid and capable official, Judge James P. Bailey, who made Lincoln county one of the best county judges it ever had. Mr. North is a good republican, a clever gentleman and stands well in Lincoln county as a citizen and it is a great pity to slaughter such a delightful lamb, but it can not be helped. The committee will meet again next Saturday to nominate a candidate for jailer. Mr. Thos. N. Butt, who was given the nomination some time ago, declined to the committee the honor given him with thanks. We knew all the time that he had too much good sense to go against that great sprinter, clever "Uncle Pink" Farmer. Now Bro. Terry, what we have been telling the people seems to have been proven true, has it not? If you want a "real" nomination ask the Lincoln county republican machine and not the people.

Begin: Then Stick to It.

Here is something WE KNOW: a dollar in the bank draws others to it. Why? How? Because you have seen how easy it is to start and you will find it still easier to continue by putting all you can spare in the Bank.
